## MANUFACTURE OF SHIMS AND LIGHT PRESSINGS

### Manufacture

The Shims can be supplied in circular or non-circular form, in standard or non-standard sizes and to customers specific requirements. The specialist knowledge and skill which goes into the manufacture of Dobson's products ensure shims of high quality.

### Shims

- SOLID SHIMS - basic solid inexpensive shims.
- SHIM SETS/PACKS - combination of solid shims in various thicknesses.
- LAMINATED SHIM - Material/Gaskets

We are as happy to do one off to one million off.
